

Frontline Classic

Sustainable Herbicide Solutions
with total droplet control

Why use the Frontline Classic?

Targeted, low volume herbicide application with Total Droplet Control (TDC)

- state of the art application technology

Reduced risk of operator exposure

- sealed system eliminates any contact with herbicides

Reduced risk of error

- easy to use and simple to calibrate

Safe for bystanders, residents and pets

- low volume formulations and no breathable droplets

Reduced operator fatigue

- lightweight 5 litre herbicide pack and precision balanced handset with comfortable arm rest

Versatile

- flexible disc system and electronic trigger mechanism deliver the optimum spraying performance

Up to 2 days' spraying between battery re-charge

- nickel metal hydride (NiMH) technology ensures sustainable battery

How to use the Frontline Classic

The Frontline Classic is easy and comfortable to use. Simply shake the herbicide pack, connect it to the applicator, calibrate and begin spraying.

Tree bases

Hard surfaces

Gravelled areas

Obstacles

Shrub beds

How does the Frontline Classic work?

The Frontline Classic is a unique low volume hand-held herbicide applicator, for use with our specially formulated Total Droplet Control (TDC) herbicides.

Nomix TDC delivers a constant, uniform droplet size and spray pattern. This system virtually eliminates any spray drift and droplet bounce, therefore reducing the environmental impact.

Our highly effective, ready to use herbicides are supplied in lightweight 5 litre packs, that connect directly to the applicator.

The LCD readout on the Frontline Classic provides the operator with information on remaining battery charge, completed spraying hours and servicing requirements. The electronic trigger mechanism provides the optimal operator control in all situations.

The Frontline Classic delivers the most accurate application, with almost no waste. The volume of herbicide applied is significantly reduced. Not only does this save time and money, it is also much safer for the environment.

The logo for Frontier Agriculture features the word "frontier" in a lowercase, white, sans-serif font. The letters "o", "n", and "t" are partially obscured by a stylized graphic element consisting of a white, curved shape that resembles a leaf or a drop, which is set against a solid orange background. The orange background is a curved shape that tapers to the right, creating a sense of motion or a horizon line.
